1. Dear Team Angry Nerds, I would like to clarify that you should all follow the best practices and conventions in the code and specially in github as I was too too lenient in the grading. Do not expect the same in the final evaluation .
2. Moreover, I know all of you did a great job so far, you honestly have a chance at finishing in the top 3. So congrats and keep the hard work up 💪
3. Finally, I'd like to show my appreciation for Ramy, Fady and Paul who

completely re implemented the backend and the tests (great job guys 🙌)
